17. Short Term Extension. In the event a replacement contract has not been issued, any contract may be extended unilaterally by the County for an additional period of up to one month upon notice to the Vendor based on the same terms and conditions as the original contract. However, this extension terminates should the replacement contract be issued in the interim.

Vendor shall not be entitled to any claim or lost profits for products or services procured from other sources pursuant to this paragraph.

In the event an official "State of Emergency" is declared the successful Vendor agrees to provide any or all associated products and/or services on a 24/7 basis upon verbal or written notification by a representative of the County Purchasing Department or other assigned representative. The settlement of strikes or lockouts or industrial disputes or disturbances shall be entirely within the discretion of the party having the difficulty and the above requirement that any “force majeure” shall be remedied with all reasonable dispatch shall not require the settlement of strikes, lockouts, or industrial disputes or disturbances by acceding to the demands of any opposing party therein when such course is inadvisable in the discretion of the parties having the difficulty.

B. A bid shall not be considered for award nor shall any award be made where A. (1)(2) and (3) above have not been complied with; provided, however, that if in any case the bidder shall so state and shall furnish with the bid a signed statement which set forth in detail the reasons therefore. Where A.(1)(2) and (3) above have not been complied with, the bid shall not be considered for award nor shall any award be made unless the head of the purchasing unit of the political subdivision, public department, agency or official thereof to which the bid is made, or his designee, determines that such disclosure was not made for the purpose of restricting competition.

- (1) The fact that a bidder (a) has published price lists, rates, or tariffs covering items being procured, (b) has informed prospective customers of proposed or pending publication of new or revised price lists for such items, or (c) has sold the same items to other customers at the same prices being bid, does not constitute, without more, a disclosure within the meaning subparagraph one (a).
